## Philosophy of Education for Jamaica

Education Philosophy: Under God, the Jamaican education system embraces diverse learning capacities and styles, aiming to nurture each learner's full potential through partnerships. We provide a comprehensive education, blending academic, technical and vocational pursuits with values-based teachings and life skills. Our focus is on fostering community harmony, appreciating our cultural heritage, promoting inclusivity, environmental stewardship and respect for all. It regards highly competent and responsive educators who exemplify decorum and national values. Through this approach, and in pursuit of sustainable development, we aim to cultivate learners' understanding of themselves and love for country as embodied in our National Vision, Anthem and Pledge.
