TRANSFORMING EDUCATION
FOR NATIONAL DEVELOPMENT

Philosophy of Education for Jamaica

Education Philosophy: Under God, the Jamaican education system embraces diverse learning capacities and styles, aiming to nurture each learner's full potential through partnerships. We provide a comprehensive education, blending academic, technical and vocational pursuits with values-based teachings and life skills. Our focus is on fostering community harmony, appreciating our cultural heritage, promoting inclusivity, environmental stewardship and respect for all. It regards highly competent and responsive educators who exemplify decorum and national values. Through this approach, and in pursuit of sustainable development, we aim to cultivate learners' understanding of themselves and love for country as embodied in our National Vision, Anthem and Pledge.

GRADE SIX PRIMARY EXIT PROFILE REPORT- 2023

BACKGROUND

The full profile of students transitioning from Grade 6 at Primary Level to the Secondary Level in June 2023 consist of a combination of student scores obtained from the following:

- 2022 Grade 5 Performance Task
- 2023 Grade 6 components:
    - Ability Test
    - Performance Task
    - Curriculum-based Tests

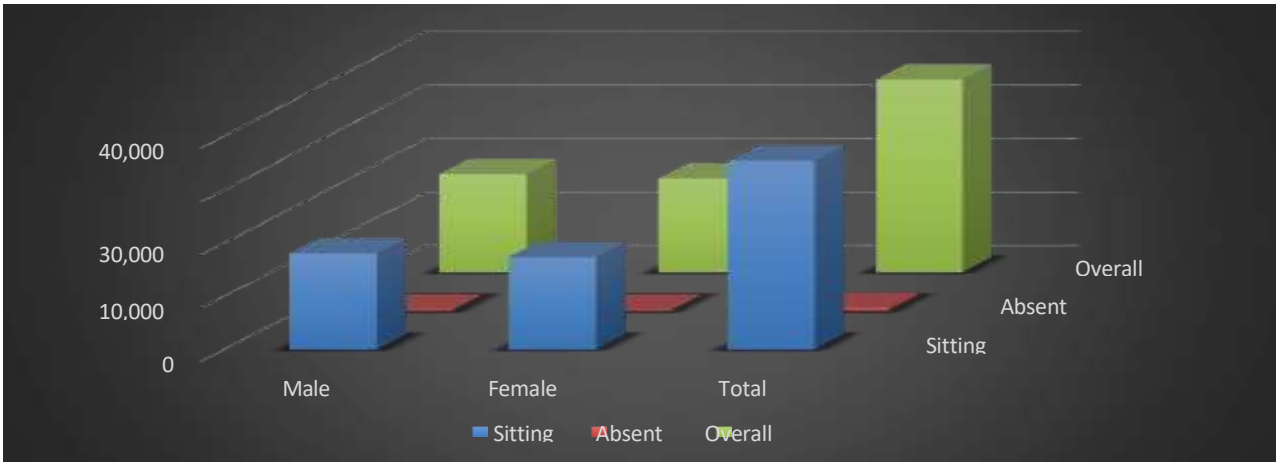
This cohort of students have completed their Grade 5 Performance Tasks in 2022.

REGISTRATION AND ADMINISTRATION

- Grade 5 Performance Task done June 2022
- Grade 6 Components:
    - Ability Test - February 2023
    - Performance Task in Mathematics and Language Arts - March 2023
    - Curriculum-Based Tests - April 2023

Thirty-six thousand, one hundred and five students were registered to sit the 2023 Grade 6 PEP examinations. Of the **36,105** students, **35,618** were eligible to move on to high school and were placed accordingly. There were **600** students who had registered to sit the Grade 6 PEP in 2023 but were absent (Figure 1).

Figure 1: Graph showing the number of candidates registered for the Grade 6 PEP examinations



Of the total number of students registered for 2023 PEP 6, 4,307 were registered from Independent schools or as private candidates and 31,798 were registered in the public schools (Table 1).

Table 1: Number of candidates registered by Sector

School Types	Male	Female	Total
Public	16,288	15,510	**31,798**
Private	2,164	2,143	**4,307**
Overall	18,452	17,653	**36,105**

STUDENT PLACEMENT

One Hundred percent of our students were placed in high schools. The Ministry of Education and Youth was able to achieve this as a result of the provision of additional classrooms to a number of our schools as well as our partnerships with two registered private high schools. Notwithstanding the full placement in seven high schools, the Ministry is cognizant that there are still a large number of high schools still operating on a shift system. Table 2 shows the methods used for placement of students.

Table 2: ***Placement Methods used***

Placement Method	No. Females	No. Males	Total Placed
Choice/Preference	15,303	15,681	30,984
Proximity	2,060	2,074	4,134
Manual	90	476	566
Excluded	253	387	640

Additionally, **30,984** (85.82%) students were placed in one of their preferred schools. Since 2015 parents have been given the opportunity to indicate two additional school choices in addition to the standard five that they had in the past. These two additional choices were selected from a cluster of schools that were within a 10-mile radius of the primary school the attend.

Four Thousand One Hundred and Thirty-four (11.45%) of students were placed in secondary level schools that are in proximity to the schools that they currently attend. A further 1.57% (566) of students were placed manually in secondary level schools in proximity to the address they submitted at registration.

Of the **17,380** females who sat the assessment **15,303** were placed by preference while **2,060** were placed by proximity and **90** manually. Of the **18,125** males sitting the assessment **15,681** were placed by preference, **2,074** by proximity and **476** manually.

Figure 2: Graph showing the method of placement of candidates registered for the Grade 6 PEP examinations.
